      • The latest program guide has been mailed. Using Facebook, the library solicited a choice between what two pictures to use for the front cover. The responses were very well received.
• Lobby Book sales were up again in December bringing in $2,177.54. The gift shop sales were $136.35, $25.14 from the donation box, and $24.35 from the wishing well.
• A patron donated $500 to the library. A thank you letter was sent.
• St.Leger will be in contact with the Palmer family to see how they would like to honor their loved one, Bob Palmer. The family designated LPL to receive donations, and we have received $1275 in his memory.

• Two written letters of intent to retire have been received. The director will be meeting with her management team to plan for the vacancies.
• Wisniewski was in attendance at the Village Board Meeting on December 21, 2015. Part of the Village Board correspondence included a copy of a letter that the Director had written to Liverpool Shoes concerning the smoke issue at the library from the wood burning stove the company uses. The Village Board acknowledged the letter and indicated that although it was an unfortunate situation that the smoke is permeating within the library building, there is little they can do in this matter since the wood stove is up to code and allowed to be used. Discussion followed regarding all the things the library has done in an effort to minimize the problems experienced by the staff from the smoke smell coming into the library. The library is awaiting a quote for the replacement of new window heating and air conditioning units (PTAC units) in staff offices that are greatly affected by the smoke. Dodge asked that the library contact Workers Compensation for additional recommendations or suggestions.
• A quote from CNY Solar for solar energy was received. The board received copies.
