Agenda Item H -- Items for discussion and action

a. Approval of Chase Bank and Key Bank for 2005-2006. Ward made a motion seconded by Fulmer that the Board approve Chase Bank as a depository as well as Key Bank for library funds. The motion was approved unanimously.

b. Liverpool Legends cost involved. Dailey reported on the costs for producing six more Liverpool Legends interviews. Fulmer and Ward expressed their dedication to proceeding with this local history project.
Fulmer made a motion seconded by Ward that the library set aside $20,000 from grants and the fund balance to continue the Liverpool Legends interviews for 2005-2006. Dailey will pursue grant money that may be available for this project. The motion was approved unanimously.

c. Roof replacement and entry improvement: status of Community Enhancement Capital Assistance Grant. Dailey reported that the aide in Assemblywoman Christensen’s office could not give any timeline for when the grant request that was submitted by Dailey might be considered. Alessio suggested that he and the director write a letter to the Assemblywoman reiterating the Board’s support for this grant. Also Dunstone asked that we inquire about whether or not the grant would be jeopardized if we start the work before notification. Regardless of the grant the library does have to incur the cost first and then get reimbursed from the grant money. Dailey had previously received documentation from Clough Harbour that stated the library was in need of a new roof.

Dailey asked the Board for permission to hire a professional consultant to write the bid specifications for the roof including the renovations to the entranceway on Tulip Street and further to proceed through the bid process.

Fulmer made a motion seconded by Spadafore that the Board authorizes the Director to have the specifications written for replacement of the roof and the front entrance. The motion was approved unanimously.

d. Staff Development Day. Ward made a motion, seconded by Welcher that the Board approve closing the library on November 11, 2005, for Staff Development Day with the theme being “Our better understanding of our patrons and community”. The motion was approved unanimously.

e. Long Range Planning. Dailey reported on the long range planning process for the library. The Board asked to be kept abreast of the reports that will be submitted by the staff. The Board’s involvement will include attending the planned community focus group meeting.
