Including substitute Librarian Assistant and is now a part-time Librarian Assistant. McGregor is currently pursuing a Master’s degree in Library Science through SUNY at Buffalo. McGregor enjoys meeting members of the community, and is looking forward to reinvigorating our volunteer program and coordinating volunteers. McGregor will also assist with Teen programming.

3. President’s Report

4. Director’s Report
The Lobby

Book sale brought in $2,439.20 in August, while the wishing well had $32.48. The gift shop total was $165.75 and the donations were $69.26 which includes $20 from movie donations.

Summer reading program had a total of 653 participants (472 children, 81 teens, 110 adults) which is a decrease from last year. Children and teen participation were each down 31% while the adult participation increased nearly 3%. Fines totaling $329.14 were waived this year for program participants. There was discussion among the staff regarding the decline; kids are busy with many other activities and working parents were two possible causes. We are looking at ways to refresh summer reading including ways to make it easier for parents to have their kids participate. Future changes to outreach are part of the plan to refresh since we will have the new van and the book bike. There will be more school visits before the end of the school year, and visits to nursery schools and after school programs. Other possible changes include online reporting and a switch to minutes spent reading rather than the number of pages or books read. Compared to other libraries we are doing well. Budmen wondered if the percentage of participants might be in line with the previous year’s percentage as enrollment has dropped. She also noted that the library ends up competing with other reading programs such as Barnes & Noble, Assemblyman Stirpe and the school district. Perhaps we should partner with other reading programs.

We received notice from Thyssen Krupp that the public elevator is entering an obsolete phase. Liverpool Central School District has been made aware and we are awaiting instruction.

The annual Book sale is coming up at the end of September, and we welcome all volunteers. A volunteer form has been provided. Book donations are not accepted during the month of September and will resume on October 1st.

The latest program guide for September through December is complete and a copy provided to each trustee.

Discussion regarding monthly statistics which shows a drop in computer users, however there is an increase in the number of patrons accessing the public network with their own device. Notary Public requests have increased substantially.

5. OCPL Report:

The renovation of Central has been completed and everyone is encouraged to check it out. The maker space, which can be seen from S. Salina St., is in constant use. Audio facilities are booked 10 days in advance. The new Children’s room is open and has been well received. There are many items for the children including costumes, foam block and a sandbox. The grand opening was a good event with many people outside waiting for the library to open.

Budget will be presented to the county legislature on Sept 20. They are expecting a tight budget year. It is not known at this time if any OCPL employees are eligible and interested in the buyout offered by the county.
